Data Analyst

Aspiring Data Analyst with a strong foundation in data science, statistics, and machine learning, backed by an advanced Data Science and ML with GenAI program from NIIT Pune and a Bachelor of Commerce from VNSGU. Experienced in performing data cleaning, exploratory data analysis, statistical testing, and building predictive models, including football analytics projects with demonstrable model performance and actionable insights. Skilled in Python, SQL, Excel, Tableau, and data visualization, with prior experience maintaining financial datasets, generating GST-compliant invoices, and supporting MIS reporting as a Junior Accountant, bringing a blend of analytical, technical, and business acumen to data-driven roles.
