PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with hands-on experience in MIS reporting, dashboard development, data analysis, and documentation management across cross-functional teams. Proficient in Python, SQL, Power BI, Tableau, and Advanced Excel. Skilled at transforming complex data into actionable insights and supporting data-driven decision-making.

TECHNICAL SKILLS

Programming: Python (Pandas, NumPy, Matplotlib, Scikit-learn), SQL (Joins, Subqueries, Aggregations)
Visualization: Power BI (Dashboard Design, KPI Tracking), Tableau, Data Visualization, Business Intelligence
Analysis & ML: Data Analysis, Data Cleaning, Data Quality, EDA, Statistical Analysis, Predictive Modeling, Regression, Clustering
Spreadsheet: Advanced Excel (Pivot Tables, VLOOKUP/XLOOKUP), MIS Reporting, KPI Tracking
Tools: Jupyter Notebook, Git/GitHub, Microsoft Office Suite, Documentation Control

WORK EXPERIENCE

Meinhardt EPCM India, Surat

Data Analyst & Document Controller

Nov 2025 - Present

- Analyze project and operational data using Excel and Python to identify trends, generate reports, and support management decision-making.
- Designed and maintained interactive Power BI dashboards for real-time tracking of business performance, KPIs, and operational trends.
- Built Excel-based reporting workflows using pivot tables and lookup functions to consolidate data from multiple sources for accurate BI reporting.
- Perform data validation and data quality checks during monthly reconciliation processes to ensure accuracy and consistency of reported metrics.
- Manage end-to-end documentation workflow for 30-40 project documents daily, ensuring accuracy in revisions, approvals, and version control.
- Process and distribute 10+ transmittals daily across engineering and procurement departments, maintaining data integrity.
- Coordinated with cross-functional stakeholders to understand reporting requirements and improve data visibility across departments.

Janasya, Surat

MIS Executive (Data Reporting & Analysis)

Dec 2023 - Mar 2025

- Generated and distributed daily, weekly, and monthly MIS reports on sales, inventory, and performance metrics for management review.
- Designed and maintained interactive Power BI dashboards for real-time tracking of KPIs and operational trends.
- Built Excel-based reporting workflows using pivot tables and lookup functions to consolidate data from multiple sources.
- Performed data validation and resolved data discrepancies during reconciliation to ensure reporting accuracy.
- Coordinated with sales and inventory stakeholders to understand reporting requirements and improve data visibility.

PERSONAL PROJECTS

Football Analytics - Capstone Project

Python (Pandas, NumPy, Scikit-learn), Data Cleaning, EDA, Data Visualization | Oct 2025 - Nov 2025

- Cleaned and analyzed large football datasets using Pandas and NumPy; conducted EDA, statistical analysis, and clustering.
- Built predictive ML models using Scikit-learn achieving approx. 0.71 R-squared and 72% accuracy.
- Visualized insights using Matplotlib to support player performance and valuation analysis.

Movie Performance and Rating Analysis

Python (Pandas, NumPy), Data Cleaning, EDA, Predictive Modeling | 2024

- Cleaned and analyzed movie datasets using Pandas; conducted EDA on revenue, budget, and audience metrics.
- Built predictive models and visualized insights for revenue and audience performance analysis.

EDUCATION

B.Sc. Data Science and Analytics

Veer Narmad South Gujarat University (VNSGU) | Jun 2021 - Apr 2024

Coursework: Statistics, Data Mining, Database Management, Python Programming, Machine Learning Fundamentals

CERTIFICATIONS

Data Science and Machine Learning with GenAI - Advanced Program

NIIT Institute | Mar 2025 - Nov 2025

LANGUAGES

English (Fluent) | Hindi (Native) | Gujarati (Native)
